SUMMARY

Enthusiastic and motivated entry-level Web Developer with hands-on experience in creating dynamic and responsive websites. Proficient in HTML, CSS, and JavaScript, with a strong understanding of jQuery for interactive features. Skilled in PHP and Laravel for server-side development, and experienced with WordPress for building and customizing content management systems. Adept at using Bootstrap for responsive design and incorporating animations to enhance user experience. Proficient in integrating and utilizing APIs to extend functionality and enhance web applications. Eager to leverage my skills and passion for web development in a collaborative environment to contribute to innovative projects.
